Entrance tests are conducted in the Russian language.

All internal entrance tests are conducted in person or using distance technologies. The format of internal entrance tests is determined by the timetable.

The maximum score for all entrance tests is 100.

The minimum score is specified in Appendix 1.1 of the Admission Rules.

* - Certain categories of applicants:

- people with disabilities (including children with disabilities);
- foreign nationals (if a foreign national does not have the results of the USE);
- persons who have received a document certifying secondary general education in a foreign institution (for subjects in which the applicant has not taken the USE in the current calendar year);
- persons specified in Parts 5.1 and 5.2 of Article 71 of Federal Law "On Education in the Russian Federation" No. 273-FZ dated 29.12.2012;
- persons who have completed educational programs of secondary general education and successfully passed the state final certification in the territories of the DPR, LPR, Zaporozhskaya Region, Kherson Region before the day of their admission to the Russian Federation, as well as persons who have passed the state final certification under educational programs of secondary general education in accordance with the specifics provided for in Part 1 of Article 5 of Federal Law No. 19-FZ.

** - the results of the USE (English, French, German, Spanish, Chinese) or the results of English language entrance tests conducted by the Academy independently are used as the results of the foreign language entrance test.
